Hi Tonya,

Thanks for checking in. I was just thinking that I should email you... I'm all set for now—we're just waiting to hear back from WY DEQ in response to our letter. I'm sure I'll have more questions, though, as this (or some) process moves forward.

Oh, there is one thing: Sara or Christina mentioned an EPA letter dated January 22, 2013 regarding WY DEQ's Recreation UAA. I'd like to request a copy if you have it. I have seen the EPA letters dated September 25, 2013 and March 14, 2014, both of which are included in the DEQ's UAA response to comments.

Thank you and have a good week.

Dan

Dan,

I understand you talked to Sandra Spence while I was on leave and that you had a conversation with Sara and Christina from EPA HQ that hopefully answered your questions. I just wanted to close the loop and make sure you did not need anything else from me at this point.
